Rapid windscreen cleaner

WÜRTH Rapid Windscreen Cleaner is a highly concentrated, neutral cleaning agent to be used in vehicle windscreen and headlight cleaning systems. The product is geared to the requirements of modern plastic headlights (polycarbonate) and particularly gentle on painted surfaces. Applied in a diluted form, it removes soiling such as grease, oil and waxes quickly and thoroughly. Even persistent insect remains are washed off in no time. View-impairing glare effects caused by soiling no longer pose an issue when windows are cleaned in this way. The product even leaves a pleasant scent of peach in your vehicle.

Application areas:

To be used in windscreen and headlight cleaning systems and for cleaning windows in general.

Properties:

- Prevents streaks from forming.
- Removes reflective and lubricant films.
- Ensures a crystal-clear view.
- Removes stuck-on insects and other forms of soiling.
- Very good material compatibility.
- Polycarbonate glass is not damaged by the product.
- Gentle on paint and rubber.
- Suitable for fan nozzles.

Application:

Mix with water in a 1:100 ratio. WÜRTH Rapid Windscreen cleaner can be added to anti-freeze window cleaners to increase cleaning performance.

Technical data:

Scent: Peach
Colour: orange
