

TECHNICAL DATA SHEET

BOLTEX rust remover

Art. no. 0893 250 300

P. Qty.: 1 / 12

Mineral oil-free, high-tech rust remover with KENA® microfluid formula for loosening seized connections and for cleaning surface rust and rust spots

Loosens rusted connections quickly and reliably. With its new KENA® microfluid formula, BOLTEX penetrates deep, breaks down rust and removes it from the surface. BOLTEX is economical, has a slow flash-off and can take effect over several hours.

The 2-in-1 spraying head enables precise application and extensive cleaning across the surface. Can also be used to clean surface rust and rust spots.

Contents	300 ml
Container	Aerosol can
Chemical basis	Surfactants, ester
Silicone-free	Yes
Shelf life from production	24 Month

Application area

High cleaning effect for the successful elimination of rust deposits such as surface rust, rust stains, encrusted dirt and oil residues. Loosens seized connections

Application information

Ideal for heavily rusted connections.

Proof of Performance

TECHNICAL DATA SHEET

Notice

Remove excess material or splashes immediately from sensitive and painted surfaces.

The usage instructions are recommendations based on the tests we have conducted and based on our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately.
