

TECHNICAL DATA SHEET

Diesel additive Cetane booster

Art. no. 5861 005 300

P. Qty.: 1 / 12

Improves the ignition behaviour of diesel fuels

Contents	300 ml
Colour	Clear
Smell/fragrance	Solvent-like
Chemical basis	Hydrocarbon
Shelf life from production	24 Month
Density	0.88 g/cm ³
Density conditions	at 20 °C
Min. flashing point	65 °C

The usage instructions are recommendations based on the tests we have conducted and our experience; carry out your own tests before each application. Due to the large number of applications as well as storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by the provision of this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately. We guarantee the consistent quality of our products. We reserve the right to make technical changes and further develop products.
